EMERGENCY / NURSE-CALL

Choose from visual (no intercom) (AEC100, DS100, NC110A, NC110N or NC500) or audio-visual (with intercom) (NC150N, NC200N or NC300II) systems. From basic pull-cords, up to our microprocessor nurse-call, wired or wireless, whether you need a system for a senior citizen residence, assisted living center, nursing home, H.R.F., hospice, clinic, or hospital, we have a system to meet your needs. With decades of experience in health care systems, look to Alpha Communications® to keep your facilities "in the pink".
