NOTES:

All Wiring #22AWG unless shown otherwise.

Maximum of 10 Monitors per line (monitor outputs M1, M2, M3).

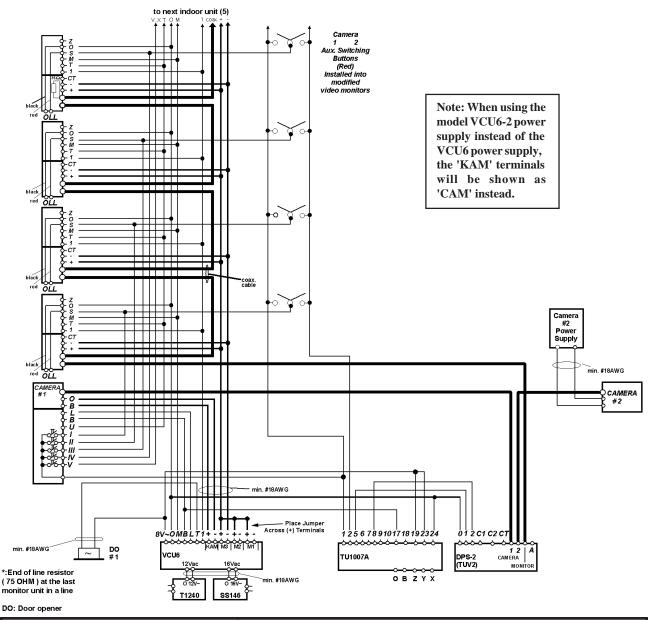

* Install a 75 ohm end-of-line resistor at the last monitor in the coaxial cable line.

Observe all local and national electrical codes.

Provide proper (separate) power supply for 2nd camera

When pressing either of the two (2) camera switching buttons on the monitor, it is normal to hear the monitor handset signal activate.

All wiring terminals shown may not be in the exact same order as they appear on the equipment.
